Chemvin Industries (a Division Of Diplast Plastics Limited)

<http://www.diplastplastics.com/>

Diplast Plastics Limited is an ISO 9001:2008 certified organization in the manufacture, supply and export of Plastic Products. These products are known for their excellent performance, longer service life and dimensional accuracy.

About Us

Established in the year **1993**, we, "**Diplast Plastics Limited**", are among the prestigious organizations, engaged in manufacturing, supplying and exporting quality range of **Plastic Products**. Owing to the quality standard of our products and manufacturing process, we are awarded with **ISO 9001 : 2008** certificate. The product range offered by us consists of **Pipes & Fittings, Water Storage Tanks, Industrial Insulated Cables** and many more names in the catalog.

In order to fulfill the growing need of the patrons across the region, we have developed a sound infrastructure facility. Our manufacturing unit is well equipped with latest machinery and tools that are essential for carrying out smooth and hassle-free production process. All our machines are regularly calibrated and upgraded, which benefits us in having excellent production rate. We are supported by a team of adroit professional, who monitor the entire production process, with an aim to develop qualitative products. All our experts work in harmony among one another to attain the organizational tasks within the given time frame and with ease. Owing to the strong blend of our hardworking professionals and sophisticated infrastructure facility, we have earned certification from **International Organization for Standardization** and gained trust of our esteemed clients.

Under the able guidance of our director, '**Mr. Puneet Gupta**', we have occupied a commendable position in this highly competitive market. His detailed knowledge, managerial skills, vibrant leadership and commitment towards clients' satisfaction, have enabled us to muster numerous patrons across the region.
